PROJECTS

Coffee Shop Sales Analysis View Project

Developed an interactive dashboard to track and visualize sales across multiple branches. Analyzed 504 transactions and 715 units sold, generating ₹2.26K revenue and ₹792.51 profit. Highlighted top-selling categories like Tea Beverages **(15.66%)** and Specialty Drinks **(14.83%),** and revealed key performance by city and branch—Central Park and Brooklyn accounted for **~38%** of total sales volume.

Revenue Insights in Hospitality Domain View Project

Built a multi-page Power BI dashboard using DAX & Power Query to analyze ₹1.69B revenue, 132K+ bookings, **57.8%** occupancy, 12.70K ADR, and **70.1%** realization; enabled weekly and daily performance trends by RevPAR, DSRN, and room categories.

Mobile Sales Dashboard View Project

Designed a dynamic Power BI dashboard analyzing ₹769M+ in total sales and 19K+ units sold across India. Uncovered that Apple led sales with ₹161M **(21%)**, and UPI was the top payment method **(26.36%)**. Delivered month-wise quantity trends, customer ratings (100% good), and daily sales patterns to support strategic decisions.
